

Diocesan Pastoral Council
Parish Best Practices Survey

Please do not list all of your activities and programs. Rather, evaluate what your parish does especially well and how the practice enhances your parish. Please thoughtfully consider:

1. What is a Best Practice in your parish?
2. Why is this considered a best practice?
 - a) What is the goal of this practice?
 - b) What is the purpose of this practice?
3. How this is a best practice?
 - a) How does this affect your parish?
 - b) How is this measured/determined (Please be as specific as possible and provide empirical data where you can).

1. What individuals or groups were part of this discussion?
2. In order to learn not only from each other's successes, but also failures, please identify any programs or activities that definitely *did not* work:

Please return to Father Bob Chorey by **April 3, 2017**.
