

Dear Governor Sisolak:

- SB179 takes away a physician's obligation to obtain the age of the person undergoing an abortion, circumventing the obligation as a mandatory reporter of sexual assault or abuse of a minor.
- SB179 removes penalties for unqualified persons who perform or assist with abortions and thus removes important protections making it easy to prey on economically challenged, immigrant populations, and victims of human trafficking.
- SB179 neglects to address parental notification of underage minors seeking an abortion

**PLEASE VETO SB179 IF IT COMES TO YOUR DESK.
SB179 PROTECTS EVERYONE BUT WOMEN**
