

Hospital Ministry

The Diocese of Reno Hospital Ministry is spearheaded by Fr. Joseph Infante. His wholistic approach for healing an individual involves the caring of the body, mind, and soul. He provides personal visits to the sick at Renown or VA hospitals while also, consoling family members when around, listening to them and answering questions, or just spending time with the patient or family.

Father spends time praying for and with the patient in need. He gives advice, provides counseling, and most importantly brings the sacraments of Holy Communion, hears Confession, administers the Anointing of the Sick and giving Viaticum to the dying. He offers the Commendation of the Dying and Prayers for the Dead at times. Fr. Infante not only brings the Good News through Sunday readings, but he also celebrates the Holy Eucharist at the Chapel on First Fridays on top of celebrating masses at various parishes within the diocese.
